The liquor-dealer knew the coin to be counterfeit, but seeing a crowd of men waiting outside and being in wholesome fear of the gang, he said nothing, but gave the 80 cents change. Emboldened by success they sent a boy in last night for a can of beer with another counterfeit dollar.

That was too much, and the liquor dealer notified Policeman Tallant, of the East Sixty-seventh street station, who arrested Slevin.

# SHINED HIS SHOES IN THE HALL TRACY FOR BLAND'S PLACE

Free Silver Champion May Not Head the Coinage Committee.

The President and Mr. Crisp Would Prefer a Gold Man There,

WASHINGTON, July 1.—Owing to the fact that a betterment of the National finances will be the first and gravest problem to be confronted particular interest attaches to the House Committee on Coinage of the next Congress. An adverse committee would be in a position to very considerably obstruct business and worry the advocates of the repeal of the Sherman law.

Whether or not Mr. Bland will be reappointed Chairman no one appears to know to a certainty. His record as an carnest and unswerving friend of silver questioned. When a Speaker is re-elected, it has generally been his custom to reappoint the old Chairman. The doubt in the case of Mr. Bland arises from the fact that Speaker Crisp is well known to be in thorough sympathy with the President's ideas of legislative needs, and may hesitate to appoint to so impor-tant a committee a man so thoroughly committed to an apposite view.

both men freely assert that the elevation of Mr. Tracy to the Coinage Chairmanship would be specially gratifying
to the President.
